Installation:

NOTE: The pictures shown in the User's Manual are for demonstration purposes only. Your computer or product may look slightly different.

1. Push the **One-Touch Button** to release the latch on the retractable tray of your Cooler Pad.
2. Slowly pull out the tray.
3. Connect the enclosed **USB Power Cable** into the DC 5V connector on the retractable tray.
4. If you would like to adjust the height of your notebook then remove your notebook from the Cooler Pad, adjust the two **Height Adjusting Knobs** on the retractable tray by turning them either clockwise (down) or counterclockwise (up). Once you have adjusted the height place your notebook back on top of your Cooler Pad.

5. Connect the other end into an available USB port on your notebook.
6. Place your notebook on top of your Cooler Pad.
7. Turn on your notebook and your Cooler Pad will turn on automatically.

8. To adjust the speed of the fans on your Cooler Pad, use the **Fan Speed** scroll button on the front of your Cooler Pad (**NOTE: Lo** represents low and **Hi** represents high).

9. Your Cooler Pad is now ready to be used.

FCC Information:

FCC

This equipment has been tested and found to comply with limits for Class B digital device pursuant to Part 15 of Federal Communications Commission (FCC) rules.

FCC Compliance Statement

These limits are designed to provide reasonable protection against frequency interference in residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed or used in accordance with the instructions, may cause harmful interference to radio communication. However, there is no guarantee that interference will not occur in television reception, which can be determined by turning the equipment off and on. The user is encouraged to try and correct the interference by one or more of the following measures:

- § Reorient or relocate the receiving antenna
- § Increase the separation between the equipment and the receiver
- § Connect the equipment into an outlet on a circuit different from that to which the receiver is connected to.

CAUTION!

The Federal Communications Commission warns the user that changes or modifications to the unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
